

Jersey
in
transition

Thursday 15th February
7.30 - 9pm

OPEN MEETING at

St. Ouen Parish Hall

Discussion: TRANSPORT

What would entice people out of their cars?

Would Park & Ride schemes help?

A trial would only need car parking next to a regular bus service to town. People on buses means fewer cars on the road: Less pollution, less congestion, and safer roads for all.

Free, open-to-all meeting where you can ask questions, discuss ideas and help Jit to create positive change for Jersey in 2024.
