An inspection of the reparation work carried out at Charrieres a Sablons by Ashbe Construction Ltd, was considered satisfactory.

**Blocked Drainage Path**

Discussion took place with Sally Dalman of I & E. It was considered that clearing the drainage path would not be a significant piece of work and it was agreed that this was under ownership of I & E. As such, Miss Dalman would escalate the request for clearance to Tim Liddiard, Senior Natural Environment Officer, for a decision.

**Val es Reux**
