Daryn Cleworth, Parish Secretary Designate & Minutes

1. The Roads Committee met to discuss the installation of Stolpersteine memory stone outside La Fontaine. Whilst the Committee had no objection to the installation, RM drew attention to the relief of the property, which cannot be built on. Accordingly, the Committee advised the representative of Jersey Heritage that, should they still wish to install the stone as suggested, they would be required to approach the owner of the property known as La Fontaine and seek their permission. Alternatively, the stone could be set 18 inches from the foot of the wall and outside the relief, with the Committee's approval.
2. The Committee attended La Rue des Cosnets and discussed the fitting of a granite stone and LRE vector. The Committee felt they were unable to approve the request as it stands, as the granite boulder would represent a dangerous trip hazard. Following further discussion with Jersey Heritage, it was agreed that the boulder would be installed further up the bank and off the footpath.
